UL® 325 GATE SAFETY SYSTEMS

DEALER PLAYBOOK.

Your go-to selling resource.

NOT FOR CONSUMER DISTRIBUTION

ULTRA-RELIABLE SYSTEMS. FOR UL® 325 COMPLIANCE.

Standards change. Our commitment to you remains. To help you easily meet new safety standards, all LiftMaster® Slide Gate Operators are now shipping with a LiftMaster Monitored Safety Edge and a new, enhanced LiftMaster Retro-Reflective Photo Eye.*

ASSURED ALIGNMENT

Monitored Retro-Reflective Photo Eye LMRRUL

Now packed in with all 2018 UL 325 Listed Gate Operators

- **Callback-reducing** LED alignment indicators, wide beam and larger reflector.
- **Environment-compensating** heater reduces callbacks due to weather.
- **Installation-simplifying** bracket allows for multidirectional adjustments.
- **Aesthetically pleasing** low profile, 60% smaller than previous model.

LEADING-EDGE PROTECTION

Monitored Small Profile Resistive Edge

Now packed in with all 2018 UL 325 Listed Slide Gate Operators

- **Field adjustable** and easily installed. Compatible with LMWEKITU.

SEAMLESS OPERATION

UL 325 Listed Gate Operators

- **Inherent reversing** system built in.

*To be UL 325 compliant, 2 independent safety entrapment protection devices must be installed at each entrapment zone. Beginning August 1, 2018, for a LiftMaster Slide Gate Operator to function and meet the new UL 325 Standards, the operator will require a minimum of 2 external monitored safety entrapment protection devices: 1 in the open direction and 1 in the close direction.

KEY TO SALES.

Use these talking points to give customers confidence that you are offering a reliable safety solution.

KEEP RESIDENTS MOVING SAFELY

The leading brand in gate safety solutions offers a full range of add-on **safety entrapment devices** to meet the latest UL® 325 Standards.

ENSURE UPTIME IN INCLEMENT WEATHER

The **improved weather resistance** of new LiftMaster® photo eyes keeps the lenses clear, so your gate continues to operate safely in the most challenging conditions.

BALANCE SAFETY AND STYLE

LiftMaster safety components feature smaller, **streamlined designs** that blend in with your façade for all applications.

THE BOTTOM LINE:

WHAT'S IT WORTH TO YOU?

Out-of-the-box solution: Packed-in system components and easy installation save you time.

\$_____

Fewer warranty callbacks: A reliable, integrated system saves you the trouble of excessive service visits.

\$_____

Diminished liability: UL Listed gate operators and safety entrapment devices have you covered.

\$_____

TRUST THE LEADER IN SAFETY AWARENESS

LiftMaster continuously trains its **Authorized Dealers** in gate-safety best practices and provides tools to keep up with the latest safety standards.
